Payment for Fires

The question of payment for attendance at fires was again fully discussed at this meeting and after a further full explanation of the Second Officers Fund mentioned in the minutes of the last meeting it was decided to take a ballot as to whether the old scale of payments should be continued or the Firemen be paid in accordance with the amounts actually charged and received for fires

The result of the ballot was as follows:-

For the old scale of payments 12.

For payment of amounts actually received 2

Majority for old scale 10

It was therefore decided to continue on the old scale
